Score Recording Sheet

Court .....

Date...../...../20

*Please use the flip-over score indicators when scoring.  
Only write down the score at the end of each set into the correct set box.*

**Scoring system:** A point is scored on every rally (not just when a team is serving. Sets are won by the first team to 25 points, except that they must be won by two clear points (i.e. 25-20, 25-23, but 26-24, etc.). Bonus points are scored for each set won, not just for winning the overall game. If a set is not finished, it still counts if the leading team has reached 12 points, provided it is at least 2 points ahead.
